

Press Release July 2007

Morgan Stanley chose Red-E-Store from P F Whitehead Logistics

Morgan Stanley is the latest big name client to be placing their goods with PF Whitehead Logistics. Morgan Stanley is impressed with PF Whitehead's modern secure storage facility in Croydon.

The company is moving their storage to a purpose built facility next year and so has elected to use PF Whitehead's facility in the interim. It is therefore crucial to them to be sure that their stock is stored in a facility which is secure as well as accessible. PF Whitehead's Red E Store facility meets those needs very well.

Ends

PF Whitehead, ambitious Croydon-based firm with big name clients such as B&Q, IKEA, and DHL, is poised to spearhead a revolution in the delivery of goods to urban centres.

PF Whitehead Transport Services Ltd, founded by company chairman Peter Whitehead in 1963 and now led by his son - also Peter - has doubled turnover in the past few years.

Peter N J and his father are determined to maintain and improve this rate of growth by developing existing services and adding environmentally-friendly consolidation systems.
